(Team Number : 140)

KLASHR

THEME; OPEN INNOVATION

ABSTRACT

Our product **“Klashr”** is a social platform to collect like-minded people of same interest with resources of their interest.

It consist of people creating group of their common interest with n no. of participant according to their area on the google maps to actually connect with each other.

All resources of different field , platform, places, learning platform will be advertised and promoted (business outlook) for people to try out with discounted price with their group.

Our product provides a separate space for women so that they can interact and share their concern hastle free, safely and comfortably.

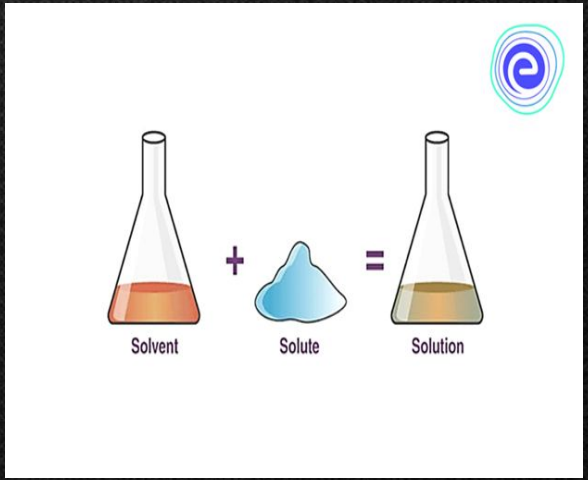
Each people will have to choose upto 5 interest groups where they can interact, learn, communicate ,share thoughts and meet .

PROBLEM SOLVED

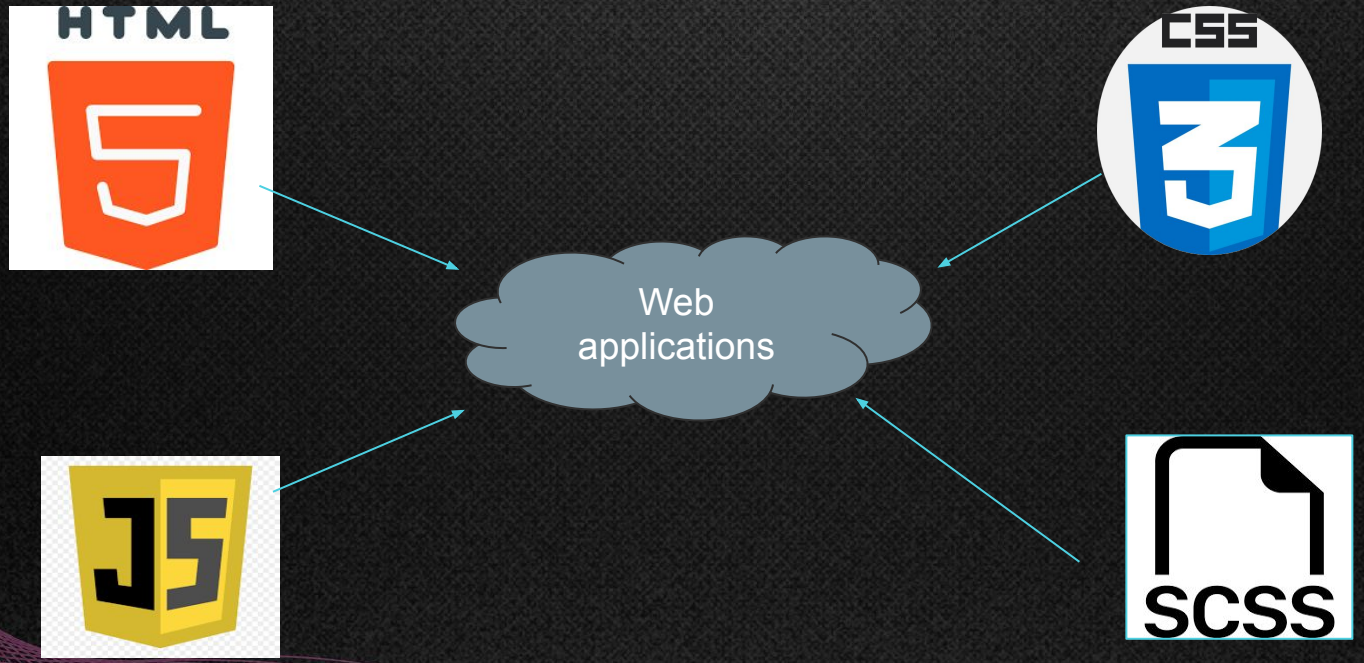
SOCIAL COLLECTION FOR THE LIKE MINDED WITH RESOURCES OF THEIR INTEREST

PROPOSED SOLUTION

1. Networking with the right people.
2. Finding relevant resources
3. Socializing and connecting globally
4. Promoting also the not-so renowned but excellent services and products to the people in groups
5. Helping introverts to never miss out on the trends.



TECH STACK



TARGET AUDIENCE

Who are the customers you want to cater to?

The targeted audience for our product consists of individuals with specific interests or hobbies, seeking a platform to connect with like-minded people

Whoever has an interest alive in them are the one for our product.

Technically each 1 in 7,942,645,086 is a perfect fit for the klashr.

PROGRESS REPORT

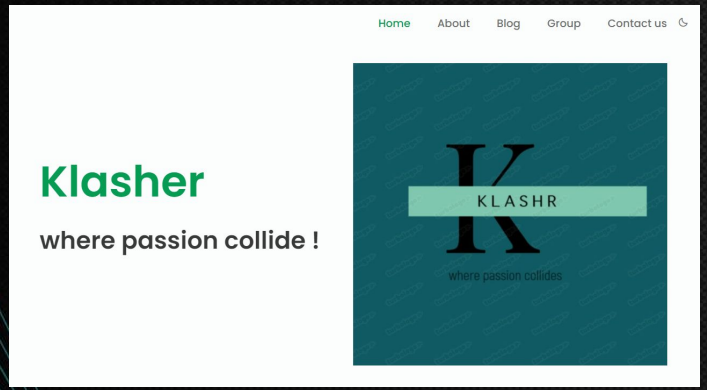
WHAT HAVE YOU DONE ?

1. Building a user friendly website for easier convenience.
2. Done with required research.
3. Taking feedbacks and improving.
4. Made groups in the website.
5. For eg, made a group of person who are fond of chess.
   Now they can plan a meet up at the suggested chess clubs in the website.
6. We are done with making groups and connecting people
7. You can create groups and people can join your group if interest match
8. We have created space for NGO nad people can help

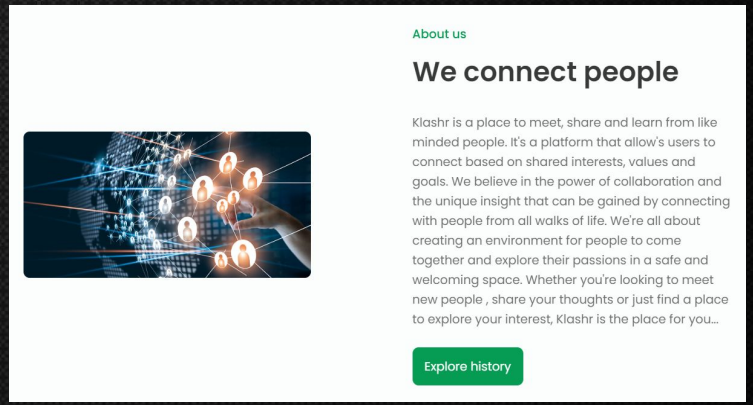
WHAT ARE YOU PLANNING TO DO ?

1. Go online as MVP.
2. Go with the feedbacks and expand the website.
3. Add different brands, places,learning platform to promote.
4. Win hearts of the people.

SCREENSHOTS / IMAGES



Here is a glimpse from our website **Klashr**



KLASHR

Special features for people with disabilities who cannot read or listen.Some special navigation features for the links given in the website

Provide personalized recommendations to users based on their interests, past activities, and preferences. This can help them discover new interests and connect with like-minded individuals they may not have found otherwise.

Send notifications to users about new matches, forum discussions, upcoming events, and other relevant updates to keep them engaged and informed.

Provide a comprehensive list of interests and allow users to select their areas of interest during the registration process. This will aid in creating meaningful connections.
